Green Patch Gardens

Plan your garden refresh

1 Your garden now

Walk around the garden twice: once in the morning and once in the late afternoon.

Which areas get sun most of the day? _____

Where does water sit after rain? _____

Which plants or features do you want to keep? _____

What do you want removed? _____

2 How you want to use it

Who uses the garden most? _____

What would you like to do there? _____

How much time can you give it each month? _____

Which garden looks do you like, from photos or links you have saved?

_____

_____

3 Before we visit

- [ ] Take a photo of each area from the house.
- [ ] Mark outside taps and any irrigation.
- [ ] Measure the narrowest gate or path into the garden.
- [ ] Note where cables or pipes run, if you know.

Narrowest gate or path: _____
